A message from the Director

Dear Applicant,

Thank you for your interest in the Good Shepherd Centre (GSC). Our work helps and supports young people who have experienced extreme difficulties in their lives to make sense of their experiences and build hope for the future.

We want to give you a flavour of who we are, what we do and why, and how we go about our work. We want to share the vision and values of Team GSC so that you understand what the rewards and challenges of working with us might be for you. We also want to tell you about the lives and experiences of young people who come to stay here with us.

In this pack, you will see that there are links to sections on our website which explain the purpose of GSC, how the different departments work together towards the best care, education and specialist support the young people who come to stay with us need and to the stories of the young people we support.

Everyone at GSC is committed to making a positive difference alongside and for young people. The GSC's purpose is to provide a positive, life changing experience for young people through individual care, education and skills development. We do this through trying to make sure everything we do upholds the values and principles of kindness, respect, nurture, and relational and rights-based practice. This means we have a strengths-based approach, and we get to know and to understand each young person as an individual and build trust and positive relationships with them. We work with families and other adults in their life to support each young person to move forward from the often-extreme challenges and harm they have experienced.

There is a well know proverb or saying, which is common across several different African cultures and languages, which is *'It takes a village to raise a child.'* In the Kijita language the literal translation is that regardless of a child's biological parents, their upbringing belongs to the community. So, for the children and young people at GSC and in our care, we know this means a whole team/whole Centre approach and valuing every colleague in every job role; because whatever our role; we all play our part, working together in the best interests of the children and young people we support.

The GSC has made a commitment to [#KeepThePromise](#) and all our staff team will have a part to play as we further strengthen our care, education and health and wellbeing teams.

If you are committed to making a positive difference to the lives of vulnerable young people through being a positive role model for GSC, we'd love to hear from you.

We hope to meet with you to discuss this opportunity,

Alison Gough, Director, GSC

Introduction to the Good Shepherd Centre

“Our purpose is to provide a positive, life-changing experience for young people through individual care, education and skills development focused on promoting young people’s mental and emotional wellbeing and longer-term positive outcomes”

We are a Scottish charity that provides a secure care & intensive care service for vulnerable young people based in Bishopton, Renfrewshire and are privileged to be situated in a 38-hectare campus; within a beautiful countryside setting and stunning views over the Clyde estuary.

We support young people from the age of 12 up to 18 in secure care and 20 in close support care. We work alongside their families and the professionals involved in their lives, to make sense of their experiences and to build hope, coping skills and goals for the future.

Young people live in one of our 4 houses or 2 cottages depending on the level of support required. They continue their education in our school on campus or attend further education out with the campus.

We offer a place of safety and nurture and a positive, holistic and strengths-based ethos.

GSC has gone through an exciting period of growth and we’re on journey for a further period of growth with strategic goals aligned with The Promise in place for 2021-2024. These goals are set to move the organisation forward confidently in the best interests of the young people and other stakeholders. This is an exciting time to join Team GSC as the charity seeks to build on its strong reputation for relational based practice.

Context of Work

Young people are referred to us through the Children’s Hearing System and the Criminal Justice System. They have experienced difficulties in their lives, and many will have faced traumatic and harmful situations and may be experiencing psychological distress; mental health problems; and problems coping with managing feelings and day to day life.

Values

Our values are at the core of every decision we make as a team; we are **Kind, Nurturing, Resilient, and Rights Respecting**. In addition to our core values, ‘**Hope**’ has also been part of our ethos for a long time, as we believe without Hope we cannot achieve our goals.

Working for us

We have a caring, experienced and committed staff team. This multi-professional, multi-skilled team includes qualified and registered residential childcare managers and staff teams for each House, and GTC registered teachers within our Education Department. Our senior staff promote and model a positive, compassionate, strengths and relational based approach to all aspects of our work and encourage a culture and climate of ‘whole centre community’, where the dignity, needs and rights of the individual are respected at all times.

In addition to our residential care and Teaching staff, we have a number of other specialist practitioners including learning support staff with specific skills, Clinical and Forensic Psychologists and advisors, therapists, creative arts, sports and vocational coaches and tutors.

Team GSC includes c150 staff and our Director leads a Senior Management Team including:

- Head of Secure Care
